## ABOUT THE SFPE:

We are an independent nonprofit organization funded through donations and governed by a volunteer board of directors.

The SFPE was chartered in 2001 by a group of concerned citizens in response to budget constraints in the Spearfish School District.

Each semester, teachers (K-12) may apply for grants to support educational programs and enrichment learning or to meet the specific needs of students.

The SFPE also hosts annual appreciation events to support teachers and staff, such as the Back to School Picnic.

The SFPE provides nearly \$100,000 annually that directly impacts Spearfish students and teachers.

## TEACHER TESTIMONIALS:

"The support from the Foundation has made so many impacts in the district. I truly appreciate...their tireless efforts to raise funds for academic programs for our students."

"Their dedication to extending learning opportunities in Spearfish is noteworthy... I don't think we could ever express how much the Foundation is appreciated in our schools."
